Barry A. Diaz

Full Stack Software Developer
(+63) 935 986 9535 | barryxdiaz@gmail.com | Noveleta, Cavite

PROFESSIONAL SUMMARY

Full Stack Software Developer experienced in building and maintaining web applications using Vue.js, Node.js, and databases. Skilled in system optimization and translating business requirements into reliable solutions that improve workflow efficiency and productivity. AWS re/Start Scholar currently developing cloud computing skills, with a Bachelor's degree in Computer Science earned Cum Laude.

WORK EXPERIENCE

Full Stack Software Developer | HRD Singapore Pte. Ltd., Gen. Trias City, Cavite **December 2023 – July 2026**

- Developed and maintained internal web applications using Vue.js, Node.js, Laravel, and databases to streamline workflows and reduce manual tasks.
- Translated business requirements into functional system features that met operational needs and reduced process errors.
- Optimized application logic and data processing to improve system performance, reliability, and data accuracy.

Technical Support Intern | City Government of Cavite, Cavite City, Cavite **July 2022 – September 2022**

- Resolved hardware, software, and printer-related issues to minimize technical disruptions and support daily operations.
- Maintained and organized digital resident records to improve data accuracy, accessibility, and information retrieval.
- Developed basic Python scripts for data processing to reduce repetitive manual tasks and improve operational efficiency.

NOTABLE PROJECTS

HRD Production File Management System
Technologies: HTML, CSS, JavaScript, Vue.js, Vue 3, Node.js, & CouchDB

- Developed a full-stack file management application using Vue 3 and Node.js to streamline production workflows and internal file sharing.
- Implemented backend services using Node.js and CouchDB for secure storage and efficient retrieval of production files.
- Built a responsive Vue 3 interface to simplify file uploads and management for internal teams.

Undergraduate Thesis: Management Information System for Barangay Salcedo 1
Technologies: HTML, CSS, JavaScript, PHP, & MySQL (phpMyAdmin)

- Developed a web-based information system to digitize resident records and streamline barangay record management.
- Designed a structured database and responsive interface for resident information and certificate processing.
- Built a responsive interface for certificate processing and resident record management.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python, PHP, C#, C++, Visual Basic
- **Web Development:** Vue.js, Vuetify, React.js, Node.js, Laravel, jQuery, HTML5, CSS3, REST APIs
- **Databases & Database Tools:** SQL, MySQL, phpMyAdmin, CouchDB, MongoDB, Amazon RDS, Amazon DynamoDB
- **AWS & Cloud Services:** Amazon EC2, Amazon S3, AWS Lambda, Amazon VPC, AWS IAM, Amazon CloudWatch
- **Operating Systems & Scripting:** Linux, Windows, Bash, Python Scripting
- **Tools & Version Control:** Git, GitHub, GitLab
- **Networking & Security:** Networking Fundamentals, Access Management, System Hardening, Data Protection
- **Core Competencies:** Full-Stack Development, Requirements Analysis, System Optimization, Application Troubleshooting

EDUCATION

Bachelor of Science in Computer Science (Cum Laude)
Graduated: 2023
Cavite State University - Cavite City Campus | Cavite City, Cavite

CERTIFICATES & HONORS

AWS Certified Cloud Practitioner — Edukasyon.ph | Currently in Training
Certificate of Academic Distinction (Cum Laude) — Cavite State University – Cavite City Campus
