- | | | |
|--------------|-----------|-----------|
| ● HTML | ● Vue.js | ● PHP |
| ● CSS | ● Node.js | ● SQL |
| ● JavaScript | ● Laravel | ● CouchDB |

Work History

Software Developer - December 2023 to Current

H.R.D. Singapore Pte. Ltd. - *General Trias, Province of Cavite, Philippines*

- Developed responsive, component-based user interfaces using Vue.js and modern JavaScript to deliver seamless, high-performance user experiences across all devices.
- Engineered scalable server-side logic and secure RESTful APIs leveraging Laravel and Node.js to bridge the gap between complex data and the client.
- Managed diverse data architectures by optimizing SQL relational schemas and implementing CouchDB for high-availability, document-based storage solutions.

Education

Bachelor of Science in Computer Science

Cum Laude

Cavite State University - Cavite City Campus, Cavite City, Province of Cavite, Philippines
